

# PERMISSION FOR ESSENTIAL FOOD AND AGRICULTURAL EMPLOYEE WORK

March 20<sup>th</sup>, 2020

**FOOD SUPPLY** As defined by the federal government, the food supply makes up critical infrastructure from farm to table and includes assets, systems, networks, and functions that provide vital services to the nation. It is essential that federal government-defined<sup>i</sup> critical infrastructure and supply chains are protected, and that all elements pertaining to the food supply remain operational, including a workforce that is vital to production of the food supply.

**LABOR** is a vital component to the food supply, from farm to fork. As State and local communities consider COVID-19-related restrictions, prioritizing activities related to continuity of operations and incident response, including the appropriate movement of critical infrastructure workers within and between jurisdictions.

**Executive Order N-33-20**, by Governor Gavin Newsom orders ‘all individuals in the State of California to stay home or at their place of residence except as needed to maintain continuity of operations of the federal critical infrastructure sectors,’ as outline by the Department of Homeland Security.

***“If you work in a critical infrastructure industry, as defined by the Department of Homeland Security, you have a special responsibility to maintain your normal work schedule.”***
